FAO Campus

Programme for capacity development, innovation
and transformation of agri-food systems in Latin
America and the Caribbean

2024-2034

Where do we come from?

Núcleo de Capacitación en Políticas Públicas (2008-2023)

FAO Capacity Development area for Latin America and the Caribbean

- 15 years of experience, initial support from AECID (Spain) to offer trainings in public policies.
- Collaboration with +50 partners from the academia, cooperation agencies and NGOs.
- Close collaboration with the FAO eLearning Academy in HQ.
- Only FAO Regional Office with a Capacity Development unit dedicated to all technical areas.

Capacity Development as one of FAO's core functions.

Recommendations of the 38th Regional Conference of Latin America and the Caribbean.

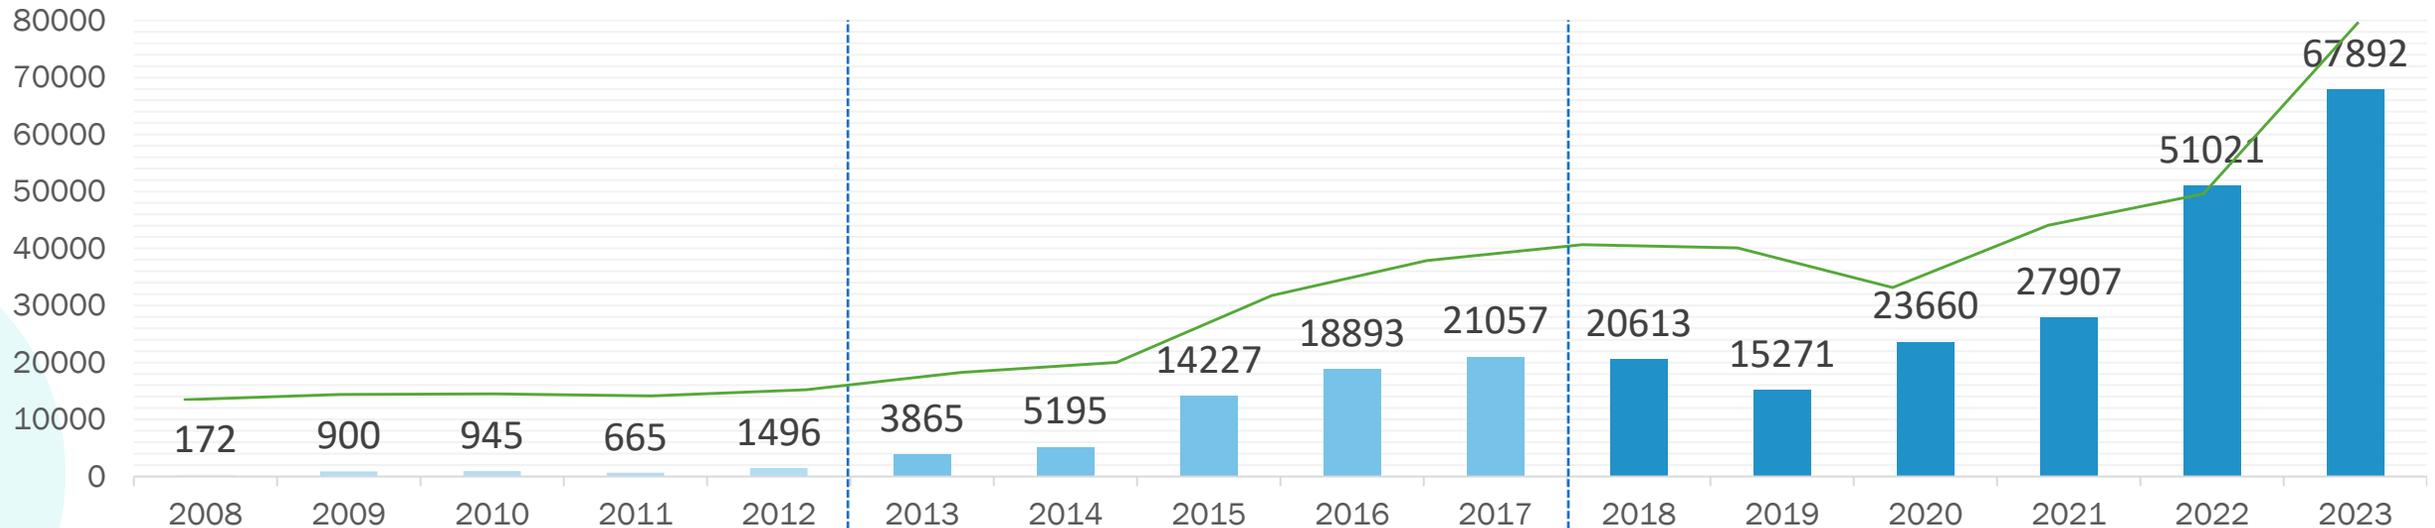

FAO Strategy for Science and Innovation

Capacity Development Growth

Latin America and the Caribbean
